30 AUG 1971

Dear Bob:

I have just returned from leave, but before putting my arms around a rather full in-box, I should like to take special note of your long and faithful service. In the years ahead you will have many reasons to look back with pride on your distinguished career with the Agency. I am particularly mindful of the many extra hours of dedicated work you have performed for the Honor and Merit Awards Board. This service to the Board leaves behind a legacy that will be most difficult to match.

Best wishes for continued success and much happiness in your retirement.
